Democrats Reduce Basis Of Party Representation

DEMOCRATIC TERRITORIAL CENTRAL COMMITTEE MEETS LAST NIGHT AND TAKES STEPS TO BEGIN THE FALL CAMPAIGN—WILL PROBABLY PUT ENTIRE TICKET IN THE FIELD INCLUDING THE NOMINEE FOR CONGRESS.

The initial steps for the fall campaign were taken last night by the Democratic Territorial Central Committee at a meeting held at Waverley Hall. The most material measure enacted by the committee was to curtail the basis of membership in the approaching Territorial and District conventions. At the convention last month when delegates to the Democratic National Convention were chosen the basis was one delegate for every ten members of a club. There was a fight against this action, and opposition trying to have the basis cut only to one.

TRURO, England, July 20.—Mrs. Maybrick was released from prison here today. She proceeded immediately to France.

HUMPHREYS PRESIDENT

Ex-Judge A. S. Humphreys was chosen for president of the new Good Government club at a meeting held last night for organization. The meeting was held in the hall above the Brooklyn saloon on Alakea street and was well attended. The organizers of the club claim a membership of 200, and say that the club will be in politics, for the purpose expressed in its title and will be a powerful organization in the coming campaign.

The meeting was called to order by Charles Creighton as temporary chairman. Creighton made an address in which he declared that the organization was to be strictly non-partisan. No party politics are to be allowed in the club, and it is to give its support in elections to "the best men," without regard to their party affiliations. "Good government" is the motto of the organization, said Creighton and for good government the club proposed to strive.

After the selection of Humphreys as president Ryan and J. M. Camara were chosen as vice presidents and A. Nichols secretary. Another meeting is to be held next week, when organization will be further perfected.

Judge Humphreys was not present at the meeting. "I understand that there are about 250 members of the Good Government Club," he said this morning, "and that an enthusiastic meeting of the club was held last night. I also understand that I was elected president of the club. I will accept the presidency if the aims of the club meet my views. Such organizations exercise a salutary check upon political machine makers. Whether I accept the presidency or not, I am satisfied that the club will be a 'go'."

"In any event," added Humphreys, "whether I am president or not, all the influence I possess with the club will be directed to securing the endorsement of either Frank B. McStocker or A. G. M. Robertson for delegate to Congress."

HOW HE WOODED AND WON HER

ALBERT CHRISTIAN TELLS OF HIS LOVE MAKING WITH ELIZA HOLT—THE ANNULMENT CASE.

The prosecution in the suit of Holt against Christian for annulment of marriage in Judge Gear's court closed its case this morning with the submission of further testimony to show that the girl Eliza Holt was not mentally competent to enter into the matrimonial condition. The defense then opened and the hearing of evidence to establish the legality of the marriage was continued this afternoon.

Albert Christian the defendant was called on his own behalf. He went all over his past relations with the girl and said that she married him with a full knowledge of what she was doing and with the consent and advice of her father.

"Her father did not like the way that Eliza had been treated by Mrs. Kentwell," said the witness. "He wanted to have Eliza with him and so I said I would marry her. He called Eliza and told her that it would be better for her to marry me than to go back to Mrs. Kentwell and so she said she would."

This promise having been made, the father invested in a gallon of whiskey but, the witness said, he

THE BOARD OF HEALTH

MEETING HELD THIS AFTERNOON WITH DR. COOPER PRESENT—PRESIDENT PINKHAM REFERS TO THE DOCTOR'S SUCCESS IN SECURING THE ASSISTANCE OF PROMINENT MEN IN THE EAST.

The Board of Health held a meeting this afternoon with Dr. C. B. Cooper present for the first time since his trip to the East. An official report to the Board will be made later by Dr. Cooper.

The business of the meeting was presented to the Board in an address by President Pinkham, as follows:

"We have the pleasure of welcoming Dr. Cooper back to our councils from his mission to the East in behalf of our leper charges. We have great encouragement from the fact he was not only able to secure the interested attention of the heads of the United States Marine Hospital and Public Health Service, but the active support of the controlling body of the great American Medical Association.

"It is too early to expect from Dr. Cooper his official report.

"The business before us is routine in character.

"I present the petitions of four afflicted persons residing at the Settlement requesting kokuas be allowed to attend them. The petition of Maria Kaanaana I recommend be refused for the reason she is in the Bishop Home and, in every way, cared for by the Sisters. The petitions of Maria Wattle, Kamaka Eleakala and Sophie Nathaniel should be granted, as they all require the aid they ask for.

"The case of Mrs. Nathaniel deserves public mention. She is the widow of the late Judge Nathaniel. She has a little business from which she derives some profit, and now she is unable to fully care for her own person and business, she desires aid. Her husband left a few small debts, some of which she has paid. Her ambition is to, during the short time left her, pay off the remaining debts leaving a record of integrity when she passes away.

"Two members of the Settlement run a fish market: Messrs. Kanikau and Harvest. They are ambitious and have recently imported from the East an excellent pool table. They ask permission to run it in connection with their other business. The Superintendent can see no objection, and quite favors their plan as adding a little diversion to the Settlement. I therefore recommend the petition be granted, the permission to be subject to such rules and regulations as the Superintendent may impose, and to be revoked at his discretion.

"I am pleased to announce the privilege of free transportation during working hours has been granted to our Sanitary Inspectors by the Honolulu Rapid Transit & Land Co. It will add greatly to the efficiency of the Inspectors. Their salaries have never been adequate to the expense of travel required by their duties.

"Mr. W. F. Hall, during June, was taken from the inspector service and stationed at the Quarantine Hospital.

"Owing to the resignation of Mr. Larnach Mr. Hall has been appointed to succeed him as Agent of the Mosquito Committee and Mr. Lot K. C. Lane, a former inspector, was appointed in Mr. Hall's place. I trust these appointments may receive your approval.

"The list of lepers sent to Molokai is presented for your approval.

"Your President has called at hospitals under your patronage and visited each individual patient. He will be prepared to report to you at the next meeting of the Board."

VIDA FOUND HIS LOST BULL DOG

Henry Vida has recovered a valuable bulldog that has been missing for about three months. Vida saw a Jap with the dog today and recognized the bulldog as one that had disappeared some time ago from his place. The Jap claimed to have gotten the dog from his "friend." Vida took the Jap and dog to the police station. The friend of the Jap was sent for. Mikami was his name and he will be held pending an investigation.

A valuable female dog and two pups disappeared at the same time that the male bulldog was missed. The Jap claimed that the male had come to his place and he could not drive it away. The police seem to think that instead of firing rocks at the dog to drive it away the Jap fired chunks of meat.
